PROFESSIONAL SUMMARY

Motivated Web Developer with a strong foundation in front-end technologies like HTML, CSS, JavaScript, React, and C++. Experienced in building responsive, user-friendly websites and solving complex problems with clean, efficient code. Skilled in data analysis, Excel, SQL, and decision-making tools to optimize digital solutions. Highly organized, collaborative, and driven by a passion for technology and innovation.

EDUCATION

Bannari Amman Institute Of Technology

April 2024

Bachelor of Computer Technology

Related Coursework: Database Systems, Software Development

GPA: 7.50/10.00

WORK EXPERIENCE

DATA RADAR

May 2024 - Present

Web Developer

- Collaborated with a team of developers and designers to build and enhance web interfaces for client-facing applications, improving user experience and responsiveness across platforms.
- Developed and maintained reusable code components using HTML, CSS, JavaScript, and React, contributing to faster development cycles and consistent UI standards.
- Conducted performance optimization, bug fixing, and cross-browser testing to ensure high-quality, accessible websites that meet both client and stakeholder requirements.

C++ Development Intern

June 2021 - May 2022

Techwave Solutions

- Developed and optimized C++ code for internal tools, improving execution speed and overall functionality.
- Assisted in debugging and troubleshooting C++ applications to identify and fix performance issues.
- Collaborated with senior developers to implement new features and enhance existing C++ programs.

PROJECTS

Personal Portfolio Website

A responsive portfolio built with Next.js and GSAP to showcase projects, skills, and personal achievements

Swiftcr

A Customer Relationship Management system built with MongoDB, React, and JavaScript to manage customer interactions and data.
